

Seminar in Biological Sciences - Spring 2018
Moulton 214 Thursday 4:00- 5:00
Pre-Seminar Snacks 3:30-3:50 in FSA

Date	Speaker/Association	Title	Host
Feb 15 th	Founder's Day	No Seminar	
March 1 st	Brian Mautz Uppsala University	Novel insights on ageing and reproductive trade-offs using genetic, environmental, and dietary manipulations	Sakaluk Lab
March 8 th	Mark Hauber University of Illinois	Self- and species-recognition in brood parasitic birds and their hosts	Sakaluk Lab
March 15 th	Spring Break	No Seminar	
March 22 nd	David Morris BD Biosciences	FACS Info Session	
March 29 th	Antje Almeida UNC Wilmington	Staphylococcal membranes	Wilkinson Lab
April 5 th	Peggy Redshaw	Alumni Seminar in Genetics	Herman Brockman
April 13 th	TBA	Phi Sigma Symposium	Phi Sigma
April 19 th	Joshua Rosenthal Marine Biological Laboratory	Rilett Speaker - Rewriting the blueprint for the cephalopod nervous system in RNA	Gatto Lab
April 26 th	Dave Schulz University of Missouri	Molecular Biology of Neural Plasticity	Stein Lab
May 3 rd	Diana Martinez University of Missouri	Glial Transporters in Synaptic Transmission	Stein Lab
