

Seminar in Biological Sciences - Spring 2020
Moulton 210 Thursday 4:00- 5:00
Pre-Seminar Snacks 3:30-3:50 in FSA

Date	Speaker/Association	Title	Host
Feb 20 th	Founder's Day	No Seminar	
Feb 27 th	Don Shepard Louisiana Tech University	Alumni Seminar in Genetics: Evolution, Biogeography, and Cryptic Genetic Diversity of North American Woodland Salamander	Dugas Lab
March 5 th	Nathan Schroeder University of Illinois	Title TBA	Vidal-Gadea Lab
March 12 th	Spring Break	No Seminar	
March 17 th	Chance Bainbridge Illinois State University	Note Tuesday Seminar: Dissertation Defense	Vidal-Gadea Lab
March 19 th	Jacob Kagey University of Detroit Mercy	Dealing with death in genetic screens	Vrailas- Mortimer Lab
March 26 th	Doug Allen Danforth Plant Sci Center	Analyzing carbon partitioning and metabolic flux through biochemical networks in plants with stable isotopes	Sedbrook Lab
April 2 nd	Heather Bergan-Roller Northern Illinois University	Building science communication skills in undergraduate biology students	Darner Lab
April 9 th	Jim Herkert Illinois Audubon Society	Special Seminar: Anderson Fund Speaker: The Decline of Migratory Birds, Climate Change, and Restoration: How Do They All Fit Together?	Note: 7pm, FSA 133
April 10 th	Note: Friday	Phi Sigma Symposium	Phi Sigma
April 16 th	Kris McIntire Illinois State University	Dissertation Defense	Juliano Lab
April 23 rd	Claudia Marques Binghamton University	Can the persister cells' bacterial subpopulation be responsible for chronic infections?	Dahl Lab
April 30 th	Randy Blakely Florida Atlantic University	Rilett Lecture	Gatto Lab
