

Cellular and Molecular Biology Seminar Series

SCHOOL OF
**BIOLOGICAL
SCIENCES**
Illinois State University

Dalton Williams (Sedbrook Lab)

Elucidating the roles of the *HIGH ALOPHATIC GLUCOSINOLATE (HAG)* genes in glucosinolate production in pennycress (*Thlaspi arvense*)

Presentation will be by Zoom at: <https://illinoisstate.zoom.us/j/5586695392>

March 25th, Noon
